Take a look at the services we offer....

*An Eye for Design Ltd has been established since 1995 and has excelled at creating interior designs; we can offer a proven and experienced service to complement your team.

Office Refurbishment Services.

Mood Boards

Mood or vision boards are, at their simplest, scrapbooking, but it gives an opportunity to test out different, materials and visually see if the patterns, textures and tones clash or work.

Interior Design

Inspiring interior designs for offices, creating new ways in which to work and motivate our workforces.

We can also incorporate any of your corporate branding; which we use as the media through the space and or setting.

2D AutoCAD

Plan layouts, elevations and detail drawings are all produced in AutoCAD Format; AutoCAD is a software application for computer-aided design (CAD), we use it for all our 2D drafting.

Finished drawings can be distributed in either hard copy or electronically.

3D Visuals and Walkthroughs

We can create images by hand or computer generated; currently we are finding the computer generated images the most effective use of presenting our designs. AutoCAD has a 3D modelling package which enables you to 'walk through' your proposed interior.

Finished images can be distributed in either hard copy or electronically.
